

Reelplay: Simplifying the Business of Entertainment

Behind the Scenes, Ahead of the Curve

Brought to you by Vensure Sports & Entertainment, Reelplay empowers film and television productions with efficient and compliant workforce solutions and services built for the entertainment industry. From onboarding to final payroll, Reelplay streamlines crew coordination, talent payments, and union compliance, so you can focus on what matters: making magic on screen. With automated workflows and digital documentation, Reelplay keeps your set running smoothly.

Key Features

- › **Digital Onboarding**
Hours-to- Gross Calculations Execute timely, accurate payroll with tools for gross pay matching, check generation, batched timesheet processing and the ability to export reports.
- › **Union Compliant**
Automatically calculate timecards in line with DGA, WGA, SAG, IATSE, and ASA union agreements, while ensuring non-union pay complies with federal and state laws. Handle allowances and fringe calculations with precision - so nothing slips through the cracks.
- › **Show-Specific Configurations**
Configure every detail of your production, including crew and talent roles, departments, forms, and approval workflows for better coordination and support across multiple sets.
- › **Fast Onboarding**
Accelerate crew setup with digital offers, bulk uploads, and manual entry options that save time and reduce administrative overhead.
- › **Accounting Integration**
Track payroll expenditures in your accounting software seamlessly with automated importing capabilities.

With Vensure Sports & Entertainment, production teams gain a trusted partner that understands the pace, pressure, and precision of entertainment. Our Reelplay platform will help you streamline workforce management from onboarding to final wrap, so you can focus on keeping the show on schedule.

Streamline the moving parts of production with payroll and HR software designed for the entertainment industry.
